SUPPORT A WORTHY BREAST CANCER INITIATIVE THIS WOMEN'S DAY

As part of our Women's Day Event, the multidisciplinary breast health clinic, Apffelstaedt & Associates would like to invite you to join them in making a difference to women at Tygerberg Hospital's Breast Clinic.

The project involves collecting donations towards transport costs for patients.

30 women per month are diagnosed with breast cancer at this Breast Clinic and 70% of them have a very low income if they have one at all. Although treatment costs are covered by Government, their transport costs to and from the hospital for regular radiotherapy sessions often become a barrier to entry.

Radiotherapy sessions last for either 16 or 25 days, and transport costs average at R15 – R20 per person per day. This works out to about 240 women requiring R 500 of transport funding each; it is estimated that about R120 000 is needed to fund them all on this premise for a year. Approximately R 35.000 has been raised so far.

If you would like to make a contribution to sustain this project please make a donation to the Stellenbosch Foundation Account (PBO no: 930009757) either via electronic transfer or a bank deposit.
